## Infliximab & Antibodies-to-Infliximab Outpatient Requisition

- Effective date:** September 1, 2018
- Change:** A new outpatient requisition has been issued, in consultation with the Ministry of Health, for specialists ordering infliximab trough concentrations with reflexive testing for antibodies-to-infliximab. This new requisition supersedes the previous requisition.
- Download at:** [http://www.providencelaboratory.com/test\\_catalog.php?ID=441](http://www.providencelaboratory.com/test_catalog.php?ID=441)
- Sections required:**
- ◆ Therapeutic molecule (infliximab/biosimilar)
  - ◆ Date of last infusion (prior to specimen collection)
  - ◆ Duration of current therapy
- Incomplete forms may result in testing delays.
- Optional section:**
- ◆ Clinical scenario
- Complete this section if there are special circumstances related to testing and/or test interpretation.
- Background:** A streamlined requisition, integrated with the standard outpatient laboratory requisition, was designed to simplify ordering and prevent delays caused by absent or incomplete clinical information.
